UNIQUE HOLDERS

PORTABLE

HOLDS RIGID SUBSTRATES UP TO 1" THICK

Display graphics and attract buyers with single or double sided graphics. Our unique M shaped Steel Base assemblies accommodate up to 1" thick substrates.

Interior holes with carriage bolts and wing nuts support any rigid graphics. Make matching holes in graphics or use without holes holding graphic above the carriage bolts.

Extremely cost effective; graphics are displayed in a modern frameless fashion. Extremely sturdy as all the weight is centered on the floor.

Tabletop version accepts graphics up to 3/16" thick, 12" long.
